

Qualified Dividend Income Information

Dividends received from domestic corporations, including mutual funds, and certain foreign corporations are deemed qualifying dividends if the security on which the distribution is received is held for a minimum period of time. Segall Bryant & Hamill Funds will report to its shareholders the percentage of qualifying dividends paid in 2021 in box 1b of Form 1099-DIV. You should consult a tax adviser to determine how much of that amount qualifies for the reduced rates based on your specific tax situation.

Past performance does not guarantee future results.

A Fund's income from dividends and interest and any net realized short-term capital gains are paid to shareholders as income dividends. A Fund realizes capital gains whenever it sells securities for a higher price than it paid for them. Net realized long-term capital gains are paid to shareholders as capital gain dividends. A dividend will reduce the net asset value of a Fund share by the amount of the dividend on the ex-dividend date.

An investor should consider investment objectives, risks, charges and expenses of the Fund(s) carefully before investing.
