This Prospectus sets forth basic information about the Funds that you should know before investing. It should be read and retained for future reference.

The date of this Prospectus is November 1, 2018.

SUMMARY SECTION

Segall Bryant & Hamill All Cap Fund

Investment Objective

The investment objective of the Segall Bryant & Hamill All Cap Fund (the “Fund” or “All Cap Fund”) is to seek long term capital appreciation.

Fees and Expenses of the Fund

This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund.

Shareholder Fees <i>(fees paid directly from your investment)</i>		
Maximum sales charge (load) imposed on purchases		None
Maximum deferred sales charge (load)		None
Redemption fee if redeemed within 90 days of purchase (as a percentage of amount redeemed)		2.00%
Wire fee		\$20
Overnight check delivery fee		\$25
Retirement account fees (annual maintenance fee)		\$15
Annual Fund Operating Expenses¹ <i>(expenses that you pay each year as a percentage of the value of your investment)</i>		
Management fees		0.73%
Distribution (Rule 12b-1) fees		None
Other expenses		0.45%
Shareholder service fee	0.09%	
All other expenses	0.36%	
Total annual fund operating expenses		1.18%
Fees waived and/or expenses reimbursed ²		(0.20)%
Total annual fund operating expenses after waiving fees and/or reimbursing expenses		0.98%

- 1 The total annual fund operating expenses and net operating expenses after waiving fees and/or reimbursing expenses do not correlate to the ratio of expenses to average net assets appearing in the financial highlights table due to changes in the management fees and contractual expense limitation effective November 1, 2017.
- 2 The Fund’s advisor has contractually agreed to waive its fees and/or pay for operating expenses of the Fund to ensure that total annual fund operating expenses (excluding any taxes, leverage interest, brokerage commissions, dividend and interest expenses on short sales, acquired fund fees and expenses (as determined in accordance with Form N-1A), expenses incurred in connection with any merger or reorganization, and extraordinary expenses such as litigation expenses) do not exceed 0.98% of the average daily net assets of the Fund. This agreement is in effect until October 31, 2019, and it may be terminated before that date only by the Trust’s Board of Trustees. The Fund’s advisor is permitted to seek reimbursement from the Fund, subject to certain limitations, of fees waived or payments made to the Fund for a period ending three full fiscal years after the date of the waiver or payment. This reimbursement may be requested from the Fund if the reimbursement will not cause the Fund’s annual expense ratio to exceed the lesser of (a) the expense limitation in effect at the time such fees were waived or payments made, or (b) the expense limitation in effect at the time of the reimbursement.

Example

This example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds. The example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The example also assumes that your investment has a 5% return each year and that the Fund’s operating expenses remain the same.

Although your actual costs may be higher or lower, based on these assumptions your costs would be:

One Year	Three Years	Five Years	Ten Years
\$100	\$355	\$630	\$1,414

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the example, affect the Fund’s performance. During the most recent fiscal year, the Fund’s portfolio turnover rate was 37% of the average value of its portfolio.

Principal Investment Strategies

Under normal circumstances, the Fund will invest at least 80% of its net assets (including amounts borrowed for investment purposes) in equity securities of companies of any size, including small- and mid-capitalization companies. The Fund will primarily invest in common stock of companies traded on U.S. exchanges with market capitalization in excess of \$1 billion. The Fund intends to invest in a portfolio of securities typically spread across many economic sectors. Segall Bryant & Hamill (“SBH” or the “Advisor”), the Fund’s advisor, invests the Fund’s assets opportunistically based on market information and is not constrained by investment style parameters.

The Advisor believes that returns in excess of general market returns can be achieved by actively managing investment portfolios. The Fund invests in companies that the Advisor believes have superior growth potential and are trading at a discount to the Advisor’s estimate of the companies’ intrinsic value. The Advisor’s investment process is driven by fundamental research utilizing a combination of external and proprietary research in its selection process. Through a combination of quantitative analysis (evaluation of financial data), fundamental analysis and experienced judgment, the Advisor seeks to identify companies that have historically generated, or are positioned to generate, superior returns on investments.

The Advisor generally will sell a security when one or more of the following occurs, among other reasons: 1) the Advisor’s estimate of full valuation is realized; 2) the Advisor identifies a more attractive stock (in which case the least attractive stock in the portfolio is sold); 3) the Advisor believes there is a change in a company’s underlying fundamentals; or 4) the Fund requires cash to meet redemption requests.

Principal Risks of Investing

Risk is inherent in all investing and you could lose money by investing in the Fund. A summary description of certain principal risks of investing in the Fund is set forth below. Before you decide whether to invest in the Fund, carefully consider these risk factors associated with investing in the Fund, which may cause investors to lose money. There can be no assurance that the Fund will achieve its investment objective.

Equity Risk: The value of the equity securities held by the Fund may fall due to general market and economic conditions, perceptions regarding the industries in which the issuers of securities held by the Fund participate, or factors relating to specific companies in which the Fund invests.

Large-Cap Company Risk: Larger, more established companies may be unable to attain the high growth rates of successful, smaller companies during periods of economic expansion.

Management and Strategy Risk: The value of your investment depends on the judgment of the Advisor about the quality, relative yield, value or market trends affecting a particular security, industry, sector or region, which may prove to be incorrect.

Market Risk: The market price of a security or instrument may decline, sometimes rapidly or unpredictably, due to general market conditions that are not specifically related to a particular company, such as real or perceived adverse economic or political conditions throughout the world, changes in the general outlook for corporate earnings, changes in interest or currency rates or adverse investor sentiment generally. The market

value of a security or instrument also may decline because of factors that affect a particular industry or industries, such as labor shortages or increased production costs and competitive conditions within an industry.

Small-Cap and Mid-Cap Company Risk: The securities of small-capitalization and mid-capitalization companies may be subject to more abrupt or erratic market movements and may have lower trading volumes or more erratic trading than securities of larger, more established companies or market averages in general. In addition, such companies typically are more likely to be adversely affected than large capitalization companies by changes in earning results, business prospects, investor expectations or poor economic or market conditions.

Performance

The bar chart and table below provide some indication of the risks of investing in the Fund by showing changes in the Fund's performance from year to year and by showing how the average annual total returns of the Fund compare with the average annual total returns of a broad-based market index. Updated performance information is available at the Fund's website, www.sbhfund.com, or by calling the Fund at 1-866-490-4999. The Fund's past performance, before and after taxes, is not necessarily an indication of how the Fund will perform in the future.

Calendar-Year Total Returns (before taxes)

For each calendar year at NAV

The year-to-date return for the Fund as of September 30, 2018 was 10.69%.

Highest Calendar Quarter Return at NAV	6.47%	Quarter Ended 12/31/2017
Lowest Calendar Quarter Return at NAV	(5.80)%	Quarter Ended 09/30/2015

Average Annual Total Returns <i>for periods ended December 31, 2017</i>	One Year	Since Inception (July 31, 2013)
Return Before Taxes	18.69%	9.92%
Return After Taxes on Distributions*	18.53%	9.60%
Return After Taxes on Distributions and Sale of Fund Shares*	10.71%	7.77%
Russell 3000 Index (does not reflect deduction for fees, expenses or taxes)	21.13%	12.97%

* After-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on an investor's tax situation and may differ from those shown. After-tax returns shown are not relevant to investors who hold their Fund shares through tax-deferred arrangements, such as 401(k) plans or individual retirement accounts.

Investment Advisor
Segall Bryant & Hamill

Portfolio Managers

Ralph M. Segall, CFA, CIC, Co-Founder and Chief Investment Officer of SBH, has been the portfolio manager of the Fund since its inception in July 2013.

Suresh Rajagopal, CFA, Senior Equity Analyst of SBH, has been the assistant portfolio manager of the Fund since its inception in July 2013.

Purchase and Sale of Fund Shares

To purchase shares of the Fund, you must invest at least the minimum amount.

Minimum Investments	To Open Your Account	To Add to Your Account
Direct Regular Accounts	\$2,500	\$500
Direct Retirement Accounts	\$2,500	\$500
Automatic Investment Plan	\$2,500	\$100
Gift Account For Minors	\$2,500	\$500

Fund shares are redeemable on any business day the New York Stock Exchange (the “NYSE”) is open for business by written request or by telephone.

Tax Information

The Fund’s distributions are generally taxable, and will ordinarily be taxed as ordinary income, qualified dividend income or capital gains, unless you are investing through a tax-advantaged arrangement, such as a 401(k) plan or an individual retirement account. Shareholders investing through such tax-advantaged arrangements may be taxed later upon withdrawal of monies from those arrangements.

Payments to Broker-Dealers and Other Financial Intermediaries

If you purchase shares of the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary’s website for more information.

Segall Bryant & Hamill Small Cap Value Fund

Investment Objective

The investment objective of the Segall Bryant & Hamill Small Cap Value Fund (the “Fund” or “Small Cap Value Fund”) is to seek long term capital appreciation.

Fees and Expenses of the Fund

This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund.

Shareholder Fees	
<i>(fees paid directly from your investment)</i>	
Maximum sales charge (load) imposed on purchases	None
Maximum deferred sales charge (load)	None
Redemption fee if redeemed within 90 days of purchase (as a percentage of amount redeemed)	2.00%
Wire fee	\$20
Overnight check delivery fee	\$25
Retirement account fees (annual maintenance fee)	\$15
Annual Fund Operating Expenses¹	
<i>(expenses that you pay each year as a percentage of the value of your investment)</i>	
Management fees	0.80%
Distribution (Rule 12b-1) fees	None
Other expenses	0.44%
Shareholder service fee	0.08%
All other expenses	0.36%
Total annual fund operating expenses	1.24%
Fees waived and/or expenses reimbursed ²	(0.25%)
Total annual fund operating expenses after waiving fees and/or reimbursing expenses	0.99%

- 1 The total annual fund operating expenses and net operating expenses after waiving fees and/or reimbursing expenses do not correlate to the ratio of expenses to average net assets appearing in the financial highlights table due to changes in the management fees and contractual expense limitation effective November 1, 2017.
- 2 The Fund’s advisor has contractually agreed to waive its fees and/or pay for operating expenses of the Fund to ensure that total annual fund operating expenses (excluding any taxes, leverage interest, brokerage commissions, dividend and interest expenses on short sales, acquired fund fees and expenses (as determined in accordance with Form N-1A), expenses incurred in connection with any merger or reorganization, and extraordinary expenses such as litigation expenses) do not exceed 0.99% of the average daily net assets of the Fund. This agreement is in effect until October 31, 2019, and it may be terminated before that date only by the Trust’s Board of Trustees. The Fund’s advisor is permitted to seek reimbursement from the Fund, subject to certain limitations, of fees waived or payments made to the Fund for a period ending three full fiscal years after the date of the waiver or payment. This reimbursement may be requested from the Fund if the reimbursement will not cause the Fund’s annual expense ratio to exceed the lesser of (a) the expense limitation in effect at the time such fees were waived or payments made, or (b) the expense limitation in effect at the time of the reimbursement.

Example

This example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds. The example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The example also assumes that your investment has a 5% return each year and that the Fund’s operating expenses remain the same. Although your actual costs may be higher or lower, based on these assumptions your costs would be:

One Year	Three Years	Five Years	Ten Years
\$101	\$369	\$657	\$1,478

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the example, affect the Fund’s performance. During the most recent fiscal year, the Fund’s portfolio turnover rate was 59% of the average value of its portfolio.

Principal Investment Strategies

Under normal circumstances, the Fund will invest at least 80% of its net assets (including amounts borrowed for investment purposes) in equity securities of small-capitalization companies. The Fund will primarily invest in common stock. The Fund considers small-capitalization companies to be companies with capitalization within the range of the capitalization of those companies included in the Russell 2000 Value Index at the time of purchase. Companies whose capitalization no longer meets this definition after purchase may continue to be considered small-capitalization companies. As of June 30, 2018, the market capitalization of companies included in the Russell 2000 Value Index was between \$43 million and \$9.9 billion. The size of companies in the Russell 2000 Value Index changes with market conditions. In addition, changes to the composition of the Russell 2000 Value Index can change the market capitalization range of companies in the Russell 2000 Value Index and, therefore, the market capitalization range of companies in which the Fund invests. The Russell 2000 Value Index is reconstituted annually, typically on June 30 of each year, to seek to ensure that stocks of larger companies do not distort the performance and characteristics of the Index and that the represented companies continue to reflect value characteristics. The Fund is not limited to the stocks included in the Russell 2000 Value Index.

The investment process used by the Fund’s advisor, Segall Bryant & Hamill (“SBH” or the “Advisor”), is driven by a combination of quantitative analysis (evaluation of financial data), fundamental analysis and experienced judgment. The Advisor seeks to invest in companies the stocks of which the Advisor believes are trading below the Advisor’s estimate of their intrinsic values. The Advisor searches for companies it believes are attractively priced relative to historical valuation, peer groups, and the market, concentrating most on cash flow capability over time.

The Advisor generally will sell a security when one or more of the following occurs, among other reasons: (1) the Advisor’s estimate of full valuation is realized; (2) the Advisor believes the Fund’s position in a company becomes over-weighted due to appreciation; (3) the Advisor identifies a more attractive stock (in which case the least attractive stock in the portfolio is sold); (4) the Advisor believes there is a change in a company’s underlying fundamentals; or (5) the Fund requires cash to meet redemption requests.

Principal Risks of Investing

Risk is inherent in all investing and you could lose money by investing in the Fund. A summary description of certain principal risks of investing in the Fund is set forth below. Before you decide whether to invest in the Fund, carefully consider these risk factors associated with investing in the Fund, which may cause investors to lose money. There can be no assurance that the Fund will achieve its investment objective.

Equity Risk: The value of the equity securities held by the Fund may fall due to general market and economic conditions, perceptions regarding the industries in which the issuers of securities held by the Fund participate, or factors relating to specific companies in which the Fund invests.

Management and Strategy Risk: The value of your investment depends on the judgment of the Advisor about the quality, relative yield, value or market trends affecting a particular security, industry, sector or region, which may prove to be incorrect.

Market Risk: The market price of a security or instrument may decline, sometimes rapidly or unpredictably, due to general market conditions that are not specifically related to a particular company, such as real or perceived adverse economic or political conditions throughout the world, changes in the general outlook for corporate earnings, changes in interest or currency rates or adverse investor sentiment generally. The market

value of a security or instrument also may decline because of factors that affect a particular industry or industries, such as labor shortages or increased production costs and competitive conditions within an industry.

Small-Cap Company Risk: The securities of small-capitalization companies may be subject to more abrupt or erratic market movements and may have lower trading volumes or more erratic trading than securities of larger, more established companies or market averages in general. In addition, such companies typically are more likely to be adversely affected than large-capitalization companies by changes in earning results, business prospects, investor expectations or poor economic or market conditions.

Value-Oriented Investment Strategies Risk: Value stocks are those that are believed to be undervalued in comparison to their peers due to adverse business developments or other factors. Value investing is subject to the risk that the market will not recognize a security's inherent value for a long time or at all, or that a stock judged to be undervalued may actually be appropriately priced or overvalued. In addition, during some periods (which may be extensive) value stocks generally may be out of favor in the markets.

Performance

The bar chart and table below provide some indication of the risks of investing in the Fund by showing changes in the Fund's performance from year to year and by showing how the average annual total returns of the Fund compare with the average annual total returns of a broad-based market index. Updated performance information is available at the Fund's website, www.sbhffunds.com, or by calling the Fund at 1-866-490-4999. The Fund's past performance, before and after taxes, is not necessarily an indication of how the Fund will perform in the future.

Calendar-Year Total Returns (before taxes)

For each calendar year at NAV

The year-to-date return for the Fund as of September 30, 2018 was 10.32%.

Highest Calendar Quarter Return at NAV	9.00%	Quarter Ended 12/31/2016
Lowest Calendar Quarter Return at NAV	(9.43)%	Quarter Ended 09/30/2015

Average Annual Total Returns for periods ended December 31, 2017	One Year	Since Inception (July 31, 2013)
Return Before Taxes	10.95%	9.47%
Return After Taxes on Distributions*	8.69%	8.11%
Return After Taxes on Distributions and Sale of Fund Shares*	7.00%	6.99%
Russell 2000 Value Index (does not reflect deduction for fees, expenses or taxes)	7.84%	9.84%

* After-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on an investor's tax situation and may

differ from those shown. After-tax returns shown are not relevant to investors who hold their Fund shares through tax-deferred arrangements, such as 401(k) plans or individual retirement accounts.

Portfolio Managers

Mark T. Dickherber, CFA, CPA, portfolio manager and senior equity analyst of SBH, has been the portfolio manager of the Fund since its inception in July 2013.

Shaun P. Nicholson, Senior Equity Analyst of SBH, has been the assistant portfolio manager of the Fund since its inception in July 2013.

Purchase and Sale of Fund Shares

To purchase shares of the Fund, you must invest at least the minimum amount.

Minimum Investments	To Open Your Account	To Add to Your Account
Direct Regular Accounts	\$2,500	\$500
Direct Retirement Accounts	\$2,500	\$500
Automatic Investment Plan	\$2,500	\$100
Gift Account For Minors	\$2,500	\$500

Fund shares are redeemable on any business day the New York Stock Exchange (the “NYSE”) is open for business, by written request or by telephone.

Tax Information

The Fund’s distributions are generally taxable, and will ordinarily be taxed as ordinary income, qualified dividend income or capital gains, unless you are investing through a tax-advantaged arrangement, such as a 401(k) plan or an individual retirement account. Shareholders investing through such tax-advantaged arrangements may be taxed later upon withdrawal of monies from those arrangements.

Payments to Broker-Dealers and Other Financial Intermediaries

If you purchase shares of the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary’s website for more information.

MORE ABOUT THE FUNDS' INVESTMENT OBJECTIVES, STRATEGIES AND RISKS

Segall Bryant & Hamill All Cap Fund

Investment Objective

The Fund's investment objective is to seek long term capital appreciation. There is no assurance that the Fund will achieve its investment objective.

The Fund's investment objective is not fundamental and may be changed by the Board of Trustees without shareholder approval, upon at least 60 days' prior written notice to shareholders. The Fund's investment strategies and policies may be changed from time to time without shareholder approval or prior written notice, unless specifically stated otherwise in this Prospectus or the SAI.

Principal Investment Strategies

Under normal circumstances, the Fund will invest at least 80% of its net assets (including amounts borrowed for investment purposes) in equity securities of companies of any size including small and mid-capitalization companies. The Fund will primarily invest in common stock of companies traded on U.S. exchanges with market capitalization in excess of \$1 billion. The Fund intends to invest in a portfolio of securities typically spread across many economic sectors. The Advisor invests the Fund's assets opportunistically based on market information and is not constrained by investment style parameters.

The Advisor believes that returns in excess of general market returns can be achieved by actively managing investment portfolios. The Advisor's investment process is driven by fundamental research utilizing a combination of external and proprietary research in its selection process. Through a combination of quantitative analysis (evaluation of financial data), fundamental analysis and experienced judgment, the Advisor seeks to identify companies that have historically generated, or are positioned to generate, superior returns on investments.

The Advisor selects the Fund's portfolio holdings from a universe consisting of stocks of all companies traded on U.S. exchanges with market capitalization in excess of \$1 billion. The Advisor refines the universe by selecting the highest-ranking stocks based on its analysis of historical return on investment ("ROI"). The Advisor defines ROI as a company's cash flow divided by total assets, which reflects the return on invested assets irrespective of the financial leverage associated with those assets. The Advisor then uses quantitative screens to sort securities based on market capitalization, historical return on investment and other valuation measures in order to eliminate companies that the Advisor believes are overvalued. In addition, the Advisor applies qualitative analysis to evaluate other factors such as management strength, competitive position, industry, financial resources and degree of financial leverage to further eliminate companies from consideration.

The Advisor generally will sell a security when one or more of the following occurs: 1) the Advisor's estimate of full valuation is realized; 2) the Advisor identifies a more attractive stock (in which case the least attractive stock in the portfolio is sold); 3) the Advisor believes there is a change in a company's underlying fundamentals; or 4) the Fund requires cash to meet redemption requests.

When the Advisor believes equity market conditions are not favorable to the Fund's principal investment strategies, the Fund may temporarily invest up to 100% of its assets in cash or high quality short-term money market instruments. In such a case, the Fund may not achieve its investment objective.

Segall Bryant & Hamill Small Cap Value Fund

Investment Objective

The Fund's investment objective is to seek long term capital appreciation. There is no assurance that the Fund will achieve its investment objective.

The Fund's investment objective is not fundamental and may be changed by the Board of Trustees without shareholder approval, upon at least 60 days' prior written notice to shareholders. The Fund's investment strategies and policies may

be changed from time to time without shareholder approval or prior written notice, unless specifically stated otherwise in this Prospectus or the SAI.

Principal Investment Strategies

Under normal circumstances, the Fund will invest at least 80% of its net assets (including amounts borrowed for investment purposes) in equity securities of small-capitalization companies. The Fund will primarily invest in common stock. The Fund considers small-capitalization companies to be companies with capitalization within the range of the capitalization of those companies included in the Russell 2000 Value Index at the time of purchase. Companies whose capitalization no longer meets this definition after purchase may continue to be considered small-capitalization companies. As of June 30, 2018, the market capitalization of companies included in the Russell 2000 Value Index was between \$43 million and \$9.9 billion. The size of companies in the Russell 2000 Value Index changes with market conditions. In addition, changes to the composition of the Russell 2000 Value Index can change the market capitalization range of companies in the Russell 2000 Value Index and, therefore, the market capitalization range of companies in which the Fund invests. The Russell 2000 Value Index is reconstituted annually, typically on June 30 of each year, to seek to ensure that stocks of larger companies do not distort the performance and characteristics of the Index and that the represented companies continue to reflect value characteristics. The Fund is not limited to the stocks included in the Russell 2000 Value Index.

The Advisor's investment process is driven by a combination of quantitative analysis (evaluation of financial data), fundamental analysis and experienced judgment. The Advisor seeks to invest in companies the stocks of which the Advisor believes are trading below the Advisor's estimate of their intrinsic values. The Advisor utilizes several databases to screen approximately 4,000 potential value-oriented investments based on predetermined guidelines such as market capitalization and attractive relative valuation. In evaluating potential investments the Advisor concentrates primarily on the companies' cash flow capability over time. The Advisor uses a database model to evaluate market expectations of returns and cash flows, and seeks to identify stocks the prices of which the Advisor believes reflect low expectations by the market for the next two to five years. The Advisor then evaluates the validity of the market's perceived expectations, ultimately trying to identify companies that will exceed these expectations, through analysis which includes speaking and/or meeting with a company's management team.

The Advisor generally will sell a security when one or more of the following occurs: (1) the Advisor's estimate of full valuation is realized; (2) the Advisor believes the Fund's position in a company becomes over-weighted due to appreciation; (3) the Advisor identifies a more attractive stock (in which case the least attractive stock in the portfolio is sold); (4) the Advisor believes there is a change in a company's underlying fundamentals; or (5) the Fund requires cash to meet redemption requests.

When the Advisor believes equity market conditions are not favorable to the Fund's principal investment strategies, the Fund may temporarily invest up to 100% of its assets in cash or high quality short-term money market instruments. In such a case, the Fund may not achieve its investment objective.

Principal Risks of Investing in the Funds

The Funds' principal risks are set forth below. Before you decide whether to invest in a Fund, carefully consider these risk factors and special considerations associated with investing in the Funds, which may cause you to lose money.

- **Equity Risk.** The value of equity securities held by a Fund may fall due to general market and economic conditions, perceptions regarding the industries in which the issuers of securities held by the Fund participate, or factors relating to specific companies in which the Fund invests. The price of common stock of an issuer in a Fund's portfolio may decline if the issuer fails to make anticipated dividend payments because, among other reasons, the financial condition of the issuer declines. Common stock is subordinated to preferred stocks, bonds and other debt instruments in a company's capital structure in terms of priority with respect to corporate income, and therefore will be subject to greater dividend risk than preferred stocks or debt instruments of such issuers. In addition, while broad market measures of common stocks have historically generated higher average returns than fixed income securities, common stocks have also experienced significantly more volatility in those returns.

- ***Large-Cap Company Risk (with respect to All Cap Fund):*** Larger, more established companies may be unable to attain the high growth rates of successful, smaller companies during periods of economic expansion. In addition, large-capitalization companies may be unable to respond quickly to new competitive challenges, such as changes in technology and consumer tastes, and may be more prone to global economic risks.
- ***Management and Strategy Risk:*** The value of your investment depends on the judgment of the Advisor about the quality, relative yield, value or market trends affecting a particular security, industry, sector or region, which may prove to be incorrect. Investment strategies employed by the Advisor in selecting investments for a Fund may not result in an increase in the value of your investment or in overall performance equal to other investments.
- ***Market Risk:*** The market price of a security or instrument may decline, sometimes rapidly or unpredictably, due to general market conditions that are not specifically related to a particular company, such as real or perceived adverse economic or political conditions throughout the world, changes in the general outlook for corporate earnings, changes in interest or currency rates or adverse investor sentiment generally. The market value of a security or instrument also may decline because of factors that affect a particular industry or industries, such as labor shortages or increased production costs and competitive conditions within an industry. For example, the financial crisis that began in 2008 caused a significant decline in the value and liquidity of many securities; in particular, the values of some sovereign debt and of securities of issuers that invest in sovereign debt and related investments fell, credit became more scarce worldwide and there was significant uncertainty in the markets. Such environments could make identifying investment risks and opportunities especially difficult for the Advisor. In response to the crisis, the United States and other governments have taken steps to support financial markets. The withdrawal of this support or failure of efforts in response to the crisis could negatively affect financial markets generally as well as the value and liquidity of certain securities. In addition, policy and legislative changes in the United States and in other countries are changing many aspects of financial regulation. The impact of these changes on the markets, and the practical implications for market participants, may not be fully known for some time.
- ***Small-Cap and Mid-Cap Company Risk:*** Investing in small-capitalization or mid-capitalization companies generally involves greater risks than investing in large-capitalization companies. Small- or mid-cap companies may have limited product lines, markets or financial resources or may depend on the expertise of a few people and may be subject to more abrupt or erratic market movements than securities of larger, more established companies or market averages in general. Many small-capitalization companies may be in the early stages of development. Since equity securities of smaller companies may lack sufficient market liquidity and may not be regularly traded, it may be difficult or impossible to sell securities at an advantageous time or a desirable price.
- ***Value-Oriented Investment Strategies Risk (with respect to Small Cap Value Fund):*** Value stocks are those that are believed to be undervalued in comparison to their peers due to adverse business developments or other factors. Value investing carries the risk that the market will not recognize a security's inherent value for a long time or at all, or that a stock judged to be undervalued may actually be appropriately priced or overvalued. In addition, during some periods (which may be extensive) value stocks generally may be out of favor in the markets. Therefore, the Fund is most suitable for long-term investors who are willing to hold their shares for extended periods of time through market fluctuations and the accompanying changes in share prices.

Portfolio Holdings Information

A description of the Funds' policies and procedures with respect to the disclosure of the Funds' portfolio securities is available in the Funds' Statement of Additional Information ("SAI"). Currently, disclosure of the Funds' holdings is required to be made quarterly within 60 days of the end of each fiscal quarter, in the Funds' Annual Report and Semi-Annual Report to Fund shareholders, and in its quarterly holdings report on Form N-Q.

MANAGEMENT OF THE FUNDS

Investment Advisor

Segall Bryant & Hamill, located at 540 West Madison Street, Suite 1900, Chicago, Illinois 60661-2551, acts as the

investment advisor to the Funds pursuant to an investment advisory agreement (the “Advisory Agreement”) with the Trust. SBH was founded in 1994 and is registered with the SEC. SBH provides professional portfolio management of domestic equity, fixed-income, asset allocation portfolios and alternative investments to foundations, endowments, corporations, public funds, multi-employer plans, and private clients. As of September 30, 2018, the Advisor manages approximately \$20.3 billion in equity and fixed income assets for corporations, foundations, endowments, public plans and high net worth individuals. SBH is 53% owned by the existing members of the firm with the remaining 47% owned by Thoma Bravo.

Pursuant to the Advisory Agreement, the following table illustrates an annual contractual advisory fee to the Advisor for the services and facilities it provides, payable on a monthly basis.

Fund	Contractual Advisory Fees As a Percentage of Average Daily Net Assets
All Cap Fund	0.73%
Small Cap Value Fund	0.80%

For the fiscal year ended June 30, 2018, the Advisor received the following advisory fees from each Fund, after waiving fees pursuant to its expense limitation agreement with each Fund:

Fund	Advisory Fees Received As a Percentage of Average Daily Net Assets
All Cap Fund	0.56%
Small Cap Value Fund	0.57%

A discussion regarding the basis for the Board’s approval of the Advisory Agreement is available in the Funds’ Semi-Annual Report to shareholders dated as of December 31, 2017.

Portfolio Managers

All Cap Fund

Ralph M. Segall, CFA, is responsible for the day-to-day management of the All Cap Fund. He has over 47 years of investment experience. Mr. Segall has served as Chief Investment Officer and Senior Portfolio Manager for the Advisor since he co-founded the firm in 1994. He earned a Bachelor of Science degree in Economics from Wharton School, University of Pennsylvania, and an M.B.A. from the University of Chicago. Mr. Segall is the chair of the Investment Committee of the Evanston Community Foundation, a member of the Finance Committee of the Jewish United Fund of Metropolitan Chicago, and a Trustee of Goucher College (Baltimore, MD) and member of the Investment Committee of its Endowment Fund.

Suresh Rajagopal, CFA, is a Senior Equity Research Analyst and Assistant Portfolio Manager. Mr. Rajagopal joined the Advisor in October 2007 and has been working in the financial industry since 1991. He specializes in healthcare and consumer staples related stocks. Prior to joining SBH, he was a co-manager on the Munder Healthcare Fund and a Senior Equity Research Analyst covering healthcare at Munder Capital Management. Mr. Rajagopal has a Chartered Financial Analyst designation. He holds a B.A. from Alma College and an M.B.A. from the University of Notre Dame.

Small Cap Value Fund

Mark T. Dickherber, CFA, CPA, is responsible for the day-to-day management of the Small Cap Value Fund. He has over 21 years of investment experience. Mr. Dickherber has served as the lead manager of the firm’s Small Cap Value strategy and as a Senior Research Analyst for the Small Cap and Small/Mid Core equity strategy since he joined the Advisor in 2007. Prior to joining SBH, Mr. Dickherber was employed with Kennedy Capital Management from 1996 to 2007 in various roles ultimately as Director of Research and Research Analyst from 2005 to 2007. Mr. Dickherber graduated magna cum laude from the University of Missouri – St. Louis with a B.S. in Accounting. He served as Treasurer for the CFA Society of St. Louis from 2004 to 2006, and as a Director from 2006 to 2008.

Shaun Nicholson is a Senior Equity Analyst for SBH's Small Cap Equity strategies. Mr. Nicholson is responsible for research related to small-capitalization companies within the respective strategies. He joined SBH in 2011 after having spent over six years at Kennedy Capital Management. Prior to his service at Kennedy Capital Management, Mr. Nicholson served as an Associate Portfolio Manager at U.S. Bancorp Asset Management and as a Financial Analyst at The Boeing Company. Mr. Nicholson earned a B.S. from Seton Hall University and an M.B.A. from University of Missouri - St. Louis. Mr. Nicholson has been working in the investment industry since 2002.

The SAI provides additional information about the portfolio managers' method of compensation, other accounts managed by each portfolio manager and each portfolio manager's ownership of Fund securities.

Other Service Providers

IMST Distributors, LLC (the "Distributor") is the Trust's principal underwriter and acts as the Trust's distributor in connection with the offering of Fund shares. The Distributor may enter into agreements with banks, broker-dealers, or other financial intermediaries through which investors may purchase or redeem shares. The Distributor is not affiliated with the Trust, the Advisor or any other service provider for the Funds.

Fund Expenses

Each Fund is responsible for its own operating expenses (all of which will be borne directly or indirectly by the Fund's shareholders), including among others, legal fees and expenses of counsel to the Fund and the Fund's independent trustees; insurance (including trustees' and officers' errors and omissions insurance); auditing and accounting expenses; taxes and governmental fees; listing fees; fees and expenses of the Fund's custodians, administrators, transfer agents, registrars and other service providers; expenses for portfolio pricing services by a pricing agent, if any; expenses in connection with the issuance and offering of shares; brokerage commissions and other costs of acquiring or disposing of any portfolio holding of the Fund and any litigation expenses.

The Advisor has contractually agreed to waive its fees and/or pay for operating expenses of each Fund to ensure that the total annual fund operating expenses (excluding any taxes, leverage interest, brokerage commissions, dividend and interest expenses on short sales, acquired fund fees and expenses as determined in accordance with Form N-1A, expenses incurred in connection with any merger or reorganization, and extraordinary expenses such as litigation expenses) do not exceed 0.98% and 0.99% of the average daily net assets for the All Cap Fund and Small Cap Value Fund, respectively. This agreement is in effect until October 31, 2019, and it may be terminated before that date only by the Trust's Board of Trustees.

Any reduction in advisory fees or payment of a Fund's expenses made by the Advisor in a fiscal year may be reimbursed by the Fund for a period ending three full fiscal years after the date of reduction or payment if the Advisor so requests. This reimbursement may be requested from a Fund if the reimbursement will not cause the Fund's annual expense ratio to exceed the lesser of (a) the expense limitation in effect at the time such fees were waived or payments made, or (b) the expense limitation in effect at the time of the reimbursement. However, the reimbursement amount may not exceed the total amount of fees waived and/or Fund expenses paid by the Advisor and will not include any amounts previously reimbursed to the Advisor by the Fund. Any such reimbursement is contingent upon the Board's subsequent review of the reimbursed amounts. A Fund must pay current ordinary operating expenses before the Advisor is entitled to any reimbursement of fees and/or Fund expenses.

Prior Performance for Similar Accounts Managed by the Advisor

The following tables set forth performance data relating to the historical performance of all private accounts and limited partnerships managed by the Advisor for the periods indicated that have investment objectives, policies, strategies and risks substantially similar to those of the All Cap Fund and the Small Cap Value Fund, respectively. The data is provided to illustrate the past performance of the Advisor in managing substantially similar accounts as measured against market indices and does not represent the performance of the Funds. You should not consider this performance data as an indication of future performance of the Funds.

The private accounts and limited partnerships that are included in the performance data set forth below are not subject to the same types of expenses to which the Funds are subject, or to the diversification requirements, specific tax restrictions and investment limitations imposed on the Funds by the Investment Company Act of 1940, as amended (the "1940 Act"), or Subchapter M of the Internal Revenue Code of 1986. Consequently, the performance results for

these private accounts or limited partnerships could have been adversely affected if the private accounts and limited partnerships had been regulated as investment companies under the federal securities laws.

**Average Annual Total Returns
For the Periods Ended December 31, 2017**

Segall Bryant & Hamill All Cap Equity Composite

	One Year	Five Years	Ten Years	
Segall Bryant & Hamill All Cap Equity Composite Returns ⁽¹⁾				
Net of fees/expenses*	19.65%	13.38%	8.19%	%
Gross of fees/expenses	20.19%	13.94%	8.71%	%
Russell 3000 Index	21.13%	15.58%	8.60%	%

* The net returns for the composite are shown net of all fees and expenses. The fees and expenses of accounts included in the composite are lower than the anticipated operating expenses of the Fund and accordingly, the performance results of the composite are higher than what the Fund's performance would have been.

Segall Bryant & Hamill Small Cap Value Composite

	One Year	Five Years	Ten Years	
Segall Bryant & Hamill Small Cap Value Composite Returns ⁽²⁾				
Net of fees/expenses*	11.60%	9.06%	14.07%	12.57%
Gross of fees/expenses	12.46%	9.88%	14.92%	13.26%
Russell 2000 Value Index	7.84%	9.55%	13.01%	8.17%

* The net returns for the composite are shown net of all fees and expenses. The fees and expenses of accounts included in the composite are lower than the anticipated operating expenses of the Fund and accordingly, the performance results of the composite are higher than what the Fund's performance would have been.

- (1) The composite performance does not represent the historical performance of the All Cap Fund and should not be interpreted as being indicative of the future performance of the All Cap Fund.
- (2) The composite performance does not represent the historical performance of the Small Cap Value Fund and should not be interpreted as being indicative of the future performance of the Small Cap Value Fund.

SBH is an independent registered investment advisor established in 1994. SBH manages a variety of equity and fixed income assets for primarily U.S. clients. **SBH has prepared and presented the foregoing reports in compliance with the Global Investment Performance Standards (GIPS®), which differs from the SEC method of calculating performance. The GIPS are a set of standardized, industry wide principles that provide investment firms with guidance on how to calculate and report their investment results.** The GIPS total return is calculated by using a methodology that incorporates the time-weighted rate of return concept for all assets, which removes the effects of cash flows. The SEC standardized total return is calculated using a standard formula that uses the average annual total return assuming reinvestment of dividends and distributions and deduction of sales loads or charges.

The net of fees composite returns are net of management fees, trading commissions, and transaction costs and reflect the reinvestment of all income. Actual fees may vary depending on, among other things, the applicable management fee schedule and portfolio size. The Standard Institutional Investment Fee Schedules are as follows:

Management Fees	
SBH All Cap Strategy	0.60% on the first \$25 million of assets, 0.50% on the next \$25 million of assets and 0.30% over \$50 million of assets
SBH Small Cap Value Strategy	0.90% on the first \$25 million of assets, 0.80% on the next \$25 million of assets and 0.65% over \$50 million of assets

Russell 3000 Index: The Russell 3000 Index measures the performance of the largest 3000 US companies. As of June 30, 2018, these companies have a weighted average market value of \$179.9 billion.

Russell 2000 Value Index: The Russell 2000 Value Index is a subset of the Russell 3000 and measures the performance of the 2000 small cap-value companies.

A complete list of SBH composites and performance results is available upon request. Additional information regarding policies for calculating and reporting returns is also available by contacting the Advisor at www.sbhic.com.

Shareholder Service Fee

Each Fund may pay a fee at an annual rate of up to 0.10% of its average daily net assets to shareholder servicing agents. Shareholder servicing agents provide non-distribution administrative and support services to their customers, which may include establishing and maintaining accounts and records relating to shareholders, processing dividend and distribution payments from the Funds on behalf of shareholders, forwarding communications from the Funds, providing sub-accounting with respect to Fund shares, and other similar services.

Additional Payments to Broker-Dealers and Other Financial Intermediaries

The Advisor may pay service fees to intermediaries such as banks, broker-dealers, financial advisors or other financial institutions, some of which may be affiliates, for sub-administration, sub-transfer agency and other shareholder services associated with shareholders whose shares are held of record in omnibus accounts, other group accounts or accounts traded through registered securities clearing agents.

The Advisor, out of its own resources, and without additional cost to the Funds or their shareholders, may provide additional cash payments or non-cash compensation to broker-dealers or intermediaries that sell shares of the Funds. These additional cash payments are generally made to intermediaries that provide shareholder servicing, marketing support and/or access to sales meetings, sales representatives and management representatives of the intermediary. The Advisor may pay cash compensation for inclusion of the Funds on a sales list, including a preferred or select sales list, or in other sales programs, or may pay an expense reimbursement in cases where the intermediary provides shareholder services to the Funds' shareholders. The Advisor may also pay cash compensation in the form of finder's fees that vary depending on the dollar amount of the shares sold.

YOUR ACCOUNT WITH THE FUNDS

Share Price

The offering price of a Fund's shares is the net asset value per share ("NAV"). Each Fund's NAV is calculated as of 4:00 p.m. Eastern Time, the normal close of regular trading on the NYSE, on each day the NYSE is open for trading. If for example, the NYSE closes at 1:00 p.m. New York time, a Fund's NAV would still be determined as of 4:00 p.m. New York time. In this example, portfolio securities traded on the NYSE would be valued at their closing prices unless the Trust's Valuation Committee determines that a "fair value" adjustment is appropriate due to subsequent events. A Fund's NAV is determined by dividing the value of the Fund's portfolio securities, cash and other assets (including accrued interest) allocable to such class, less all liabilities (including accrued expenses) allocable to such class, by the total number of outstanding shares of such class. A Fund's NAV may be calculated earlier if permitted by the SEC. The NYSE is closed on weekends and most U.S. national holidays. However, foreign securities listed primarily on non-U.S. markets may trade on weekends or other days on which the Funds do not value their shares, which may significantly affect the Funds' NAVs on days when you are not able to buy or sell Fund shares.

The Funds' securities generally are valued at market price. Securities are valued at fair value when market quotations are not readily available. The Board has adopted procedures to be followed when a Fund must utilize fair value pricing, including when reliable market quotations are not readily available, when the Funds' pricing service does not provide a valuation (or provides a valuation that, in the judgment of the Advisor, does not represent the security's fair value), or when, in the judgment of the Advisor, events have rendered the market value unreliable (see, for example, the discussion of fair value pricing of foreign securities in the paragraph below). Valuing securities at fair value involves reliance on the judgment of the Advisor and the Board (or a committee thereof), and may result in a different price being used in the calculation of the Funds' NAVs from quoted or published prices for the same securities. Fair value determinations are made in good faith in accordance with procedures adopted by the Board. There can be no assurance that a Fund will obtain the fair value assigned to a security if it sells the security.

In certain circumstances, the Funds employ fair value pricing to ensure greater accuracy in determining daily NAVs and to prevent dilution by frequent traders or market timers who seek to exploit temporary market anomalies. Fair value pricing may be applied to foreign securities held by a Fund upon the occurrence of an event after the close of trading on non-U.S. markets but before the close of trading on the NYSE when the Funds' NAVs are determined. If the event may result in a material adjustment to the price of a Fund's foreign securities once non-U.S. markets open on the following business day (such as, for example, a significant surge or decline in the U.S. market), the Fund may value such foreign securities at fair value, taking into account the effect of such event, in order to calculate the Fund's NAV.

Other types of portfolio securities that a Fund may fair value include, but are not limited to: (1) investments that are illiquid or traded infrequently, including "restricted" securities and private placements for which there is no public market; (2) investments for which, in the judgment of the Advisor, the market price is stale; (3) securities of an issuer that has entered into a restructuring; and (4) securities for which trading has been halted or suspended.

Purchase of Shares

This Prospectus offers one class of shares of each Fund.

To purchase shares of the Funds, you must invest at least the minimum amount indicated in the following table.

Minimum Investments	To Open Your Account	To Add to Your Account
Direct Regular Accounts	\$2,500	\$500
Direct Retirement Accounts	\$2,500	\$500
Automatic Investment Plan	\$2,500	\$100
Gift Account For Minors	\$2,500	\$500

Shares of a Fund may be purchased by check, by wire transfer of funds via a bank or through an approved financial intermediary (i.e., a supermarket, investment advisor, financial planner or consultant, broker, dealer or other investment professional and their agents) authorized by the Fund to receive purchase orders. Financial intermediaries may provide varying arrangements for their clients to purchase and redeem shares, which may include different sales charges as described in this Prospectus, additional fees and different investment minimums. In addition, from time to time, a financial intermediary may modify or waive the initial and subsequent investment minimums.

You may make an initial investment in an amount greater than the minimum amounts shown in the preceding table and a Fund may, from time to time, reduce or waive the minimum initial investment amounts. The minimum initial investment amount is automatically waived for Funds shares purchased by Trustees of the Trust and current or retired directors and employees of the Advisor and its affiliates.

To the extent allowed by applicable law, the Funds reserve the right to discontinue offering shares at any time or to cease operating entirely.

In-Kind Purchases and Redemptions

Each Fund reserves the right to accept payment for shares in the form of securities that are permissible investments for the Funds. Each Fund also reserves the right to pay redemptions by an "in-kind" distribution of portfolio securities (instead of cash) from the Fund. In-kind purchases and redemptions are taxable events and may result in the recognition

of gain or loss for federal income tax purposes. See the SAI for further information about the terms of these purchases and redemptions.

Additional Investments

Additional subscriptions in a Fund generally may be made by investing at least the minimum amount shown in the table above. Exceptions may be made at a Fund's discretion. You may purchase additional shares of a Fund by sending a check together with the investment stub from your most recent account statement to the Fund at the applicable address listed in the table below. Please ensure that you include your account number on the check. If you do not have the investment stub from your account statement, list your name, address and account number on a separate sheet of paper and include it with your check. You may also make additional investments in a Fund by wire transfer of funds or through an approved financial intermediary. The minimum additional investment amount is automatically waived for shares purchased by Trustees of the Trust and current or retired directors and employees of the Advisor and its affiliates. Please follow the procedures described in this Prospectus.

Dividend Reinvestment

You may reinvest dividends and capital gains distributions in shares of a Fund. Such shares are acquired at NAV (without a sales charge) on the applicable payable date of the dividend or capital gain distribution. Unless you instruct otherwise, dividends and distributions on Fund shares are automatically reinvested in shares of the same class of the Fund paying the dividend or distribution. This instruction may be made by writing to the Funds' transfer agent (the "Transfer Agent") or by telephone by calling 1-866-490-4999. You may, on the account application form or prior to any declaration, instruct that dividends and/or capital gain distributions be paid in cash or be reinvested in the Fund at the next determined NAV. If you elect to receive dividends and/or capital gain distributions in cash and the U.S. Postal Service cannot deliver the check, or if a check remains outstanding for six months or more, the Fund reserves the right to reinvest the distribution check in your account at the Fund's current NAV and to reinvest all subsequent distributions.

Customer Identification Information

To help the government fight the funding of terrorism and money laundering activities, federal law requires all financial institutions to obtain, verify and record information that identifies each person who opens an account. When you open an account, you will be asked for your name, date of birth (for a natural person), your residential address or principal place of business, and mailing address, if different, as well as your Social Security Number or Taxpayer Identification Number. Additional information is required for corporations, partnerships and other entities. Beginning May 11, 2018, this includes the name, residential address, date of birth and Social Security Number of the underlying beneficial owners and authorized control persons of entity owners. Applications without such information will not be considered in good order. Each Fund reserves the right to deny any application if the application is not in good order.

This Prospectus should not be considered a solicitation to purchase or as an offer to sell shares of the Funds in any jurisdiction where it would be unlawful to do so under the laws of that jurisdiction. Please note that the value of your account may be transferred to the appropriate state if no activity occurs in the account within the time period specified by state law.

Automatic Investment Plan

If you intend to use the Automatic Investment Plan ("AIP"), you may open your account with the initial minimum investment amount. Once an account has been opened, you may make additional investments in the Funds at regular intervals through the AIP. If elected on your account application, funds can be automatically transferred from your checking or savings account on the 5th, 10th, 15th, 20th or 25th of each month. In order to participate in the AIP, each additional subscription must be at least \$100, and your financial institution must be a member of the Automated Clearing House ("ACH") network. The first AIP purchase will be made 15 days after the Transfer Agent receives your request in good order. The Transfer Agent will charge a \$25 fee for any ACH payment that is rejected by your bank. Your AIP will be terminated if two successive mailings we send to you are returned by the U.S. Postal Service as undeliverable. You may terminate your participation in the AIP at any time by notifying the Transfer Agent at 1-866-490-4999 at least five days prior to the date of the next AIP transfer. A Fund may modify or terminate the AIP at any time without notice.

Timing and Nature of Requests

The purchase price you will pay for a Fund's shares will be the next NAV calculated after the Transfer Agent or your authorized financial intermediary receives your request in good order. "Good order" means that your purchase request

includes: (1) the name of the Fund, (2) the dollar amount of shares to be purchased, (3) your purchase application or investment stub, and (4) a check payable to **Segall Bryant & Hamill Funds**. All requests received in good order before 4:00 p.m. (Eastern Time) on any business day will be processed on that same day. Requests received at or after 4:00 p.m. (Eastern Time) will be transacted at the next business day's NAV. All purchases must be made in U.S. Dollars and drawn on U.S. financial institutions.

Methods of Buying

Through a broker-dealer or other financial intermediary

The Funds are offered through certain approved financial intermediaries (and their agents). The Funds are also offered directly. A purchase order placed with a financial intermediary or its authorized agent is treated as if such order were placed directly with the Funds, and will be deemed to have been received by the Funds when the financial intermediary or its authorized agent receives the order and executed at the next NAV calculated by the Funds. Your financial intermediary will hold your shares in a pooled account in its (or its agent's) name. A Fund may pay your financial intermediary (or its agent) to maintain your individual ownership information, maintain required records, and provide other shareholder services. A financial intermediary which offers shares may charge its individual clients transaction fees which may be in addition to those described in this Prospectus. If you invest through your financial intermediary, its policies and fees may be different than those described in this Prospectus. For example, the financial intermediary may charge transaction fees or set different minimum investments. Your financial intermediary is responsible for processing your order correctly and promptly, keeping you advised of the status of your account, confirming your transactions and ensuring that you receive copies of the Funds' Prospectus. Please contact your financial intermediary to determine whether it is an approved financial intermediary of the Funds or for additional information.

By mail

A Fund will not accept payment in cash, including cashier's checks. Also, to prevent check fraud, a Fund will not accept third party checks, Treasury checks, credit card checks, traveler's checks, money orders or starter checks for the purchase of shares. All checks must be made in U.S. Dollars and drawn on U.S. financial institutions.

To buy shares directly from a Fund by mail, complete an account application and send it together with your check for the amount you wish to invest to the Funds at the address indicated below. To make additional investments once you have opened your account, write your account number on the check and send it to the Funds together with the most recent confirmation statement received from the Transfer Agent. If your check is returned for insufficient funds, your purchase will be canceled and a \$25 fee will be assessed against your account by the Transfer Agent.

Regular Mail:
Segall Bryant & Hamill Funds
P.O. Box 2175
Milwaukee, Wisconsin 53201

Overnight Delivery:
Segall Bryant & Hamill Funds
235 West Galena Street
Milwaukee, Wisconsin 53212

The Funds do not consider the U.S. Postal Service or other independent delivery services to be its agents.

By telephone

To make additional investments by telephone, you must authorize telephone purchases on your account application. If you have given authorization for telephone transactions and your account has been open for at least 15 days, call the Transfer Agent toll-free at 1-866-490-4999 and you will be allowed to move money in amounts of at least \$500 from your bank account to the Funds account upon request. Only bank accounts held at U.S. institutions that are ACH members may be used for telephone transactions. If your order is placed before 4:00 p.m. (Eastern Time) on a business day shares will be purchased in your account at the NAV calculated on that day. Orders received at or after 4:00 p.m. (Eastern Time) will be transacted at the next business day's NAV. For security reasons, requests by telephone will be recorded.

By wire

To open an account by wire, a completed account application form must be received by the Funds before your wire can be accepted. You may mail or send by overnight delivery your account application form to the Transfer Agent. Upon receipt of your completed account application form, an account will be established for you. The account number assigned to you will be required as part of the wiring instruction that should be provided to your bank to send the wire. Your bank must include the name of the relevant Fund, the account number, and your name so that monies can be correctly applied. Your bank should transmit monies by wire to:

UMB Bank, n.a.

ABA Number 101000695

For credit to Segall Bryant & Hamill Funds

A/C # 98 720 13492

For further credit to:

Segall Bryant & Hamill Funds

Your account number(s)

Name(s) of investor(s)

Social Security Number or Taxpayer Identification Number

Before sending your wire, please contact the Transfer Agent at 1-866-490-4999 to notify it of your intention to wire funds. This will ensure prompt and accurate credit upon receipt of your wire. Your bank may charge a fee for its wiring service.

Wired funds must be received prior to 4:00 p.m. (Eastern Time) on a business day to be eligible for same day pricing. **The Funds and UMB Bank, n.a. are not responsible for the consequences of delays resulting from the banking or Federal Reserve wire system, or from incomplete wiring instructions.**

Selling (Redeeming) Fund Shares

Through a broker-dealer or other financial intermediary

If you purchased your shares through an approved financial intermediary, your redemption order must be placed through the same financial intermediary. The Funds will be deemed to have received a redemption order when a financial intermediary (or its authorized agent) receives the order. The financial intermediary must receive your redemption order prior to 4:00 p.m. (Eastern Time) on a business day for the redemption to be processed at the current day's NAV. Orders received at or after 4:00 p.m. (Eastern Time) on a business day or on a day when the Funds do not value its shares will be transacted at the next business day's NAV. Please keep in mind that your financial intermediary may charge additional fees for its services. In the event your approved financial intermediary is no longer available or in operation, you may place your redemption order directly with the Funds as described below.

By mail

You may redeem shares purchased directly from a Fund by mail. Send your written redemption request to **Segall Bryant & Hamill Funds** at the address indicated below. Your request must be in good order and contain the relevant Fund's name, the name(s) on the account, your account number and the dollar amount or the number of shares to be redeemed. The redemption request must be signed by all shareholders listed on the account. Additional documents are required for certain types of shareholders, such as corporations, partnerships, executors, trustees, administrators, or guardians (*i.e.*, corporate resolutions dated within 60 days, or trust documents indicating proper authorization).

Regular Mail:

Segall Bryant & Hamill Funds

P.O. Box 2175

Milwaukee, Wisconsin 53201

Overnight Delivery:

Segall Bryant & Hamill Funds

235 West Galena Street

Milwaukee, Wisconsin 53212

A Medallion signature guarantee must be included if any of the following situations apply:

- You wish to redeem more than \$50,000 worth of shares;
- When redemption proceeds are sent to any person, address or bank account not on record;
- If a change of address was received by the Transfer Agent within the last 15 days;
- If ownership is changed on your account; or
- When establishing or modifying certain services on your account.

By telephone

To redeem shares by telephone, call the Funds at 1-866-490-4999 and specify the amount of money you wish to redeem. You may have a check sent to the address of record, or, if previously established on your account, you may have proceeds sent by wire or electronic funds transfer through the ACH network directly to your bank account. Wire transfers are subject to a \$20 fee paid by the shareholder and your bank may charge a fee to receive wired funds. Checks sent via overnight delivery are subject to a \$25 charge. You do not incur any charge when proceeds are sent via the ACH network; however, credit may not be available for two to three business days.

If you are authorized to perform telephone transactions (either through your account application form or by subsequent arrangement in writing with the Funds), you may redeem shares worth up to \$50,000, by instructing the Funds by phone at 1-866-490-4999. Unless noted on the initial account application, a Medallion signature guarantee is required of all shareholders in order to qualify for or to change telephone redemption privileges.

Note: The Funds and all of their service providers will not be liable for any loss or expense in acting upon instructions that are reasonably believed to be genuine. To confirm that all telephone instructions are genuine, the caller must verify the following:

- The Fund account number;
- The name in which his or her account is registered;
- The Social Security Number or Taxpayer Identification Number under which the account is registered; and
- The address of the account holder, as stated in the account application form.

Medallion Signature Guarantee

In addition to the situations described above, each Fund reserves the right to require a Medallion signature guarantee in other instances based on the circumstances relative to the particular situation.

Shareholders redeeming more than \$50,000 worth of shares by mail should submit written instructions with a Medallion signature guarantee from an eligible institution acceptable to the Transfer Agent, such as a domestic bank or trust company, broker, dealer, clearing agency or savings association, or from any participant in a Medallion program recognized by the Securities Transfer Association. The three currently recognized Medallion programs are Securities Transfer Agents Medallion Program, Stock Exchanges Medallion Program and New York Stock Exchange, Inc. Medallion Signature Program. Signature guarantees that are not part of these programs will not be accepted. Participants in Medallion programs are subject to dollar limitations which must be considered when requesting their guarantee. The Transfer Agent may reject any signature guarantee if it believes the transaction would otherwise be improper. *A notary public cannot provide a signature guarantee.*

Systematic Withdrawal Plan

You may request that a predetermined dollar amount be sent to you on a monthly or quarterly basis. Your account must maintain a value of at least \$2,500 for you to be eligible to participate in the Systematic Withdrawal Plan (“SWP”). The minimum withdrawal amount is \$100. If you elect to receive redemptions through the SWP, the relevant Fund will send a check to your address of record, or will send the payment via electronic funds transfer through the ACH network, directly to your bank account on record. You may request an application for the SWP by calling the Transfer Agent toll-free at 1-866-490-4999. A Fund may modify or terminate the SWP at any time. You may terminate your participation in the SWP by calling the Transfer Agent at least five business days before the next withdrawal.

Payment of Redemption Proceeds

You may redeem shares of a Fund at a price equal to the NAV next determined after the Transfer Agent and/or authorized agent receives your redemption request in good order. Generally, your redemption request cannot be processed on days the NYSE is closed. Redemption proceeds for requests received in good order by the Transfer Agent and/or authorized agent before the close of the regular trading session of the NYSE (generally, 4:00 p.m. Eastern Time) will usually be sent to the address of record or the bank you indicate, or wired using the wire instructions on record, on the following business day. Payment of redemption proceeds may take longer than typically expected, but will be sent within seven calendar days after the Fund receives your redemption request, except as specified below.

If you purchase shares using a check and request a redemption before the check has cleared, a Fund may postpone payment of your redemption proceeds up to 15 calendar days while the Fund waits for the check to clear. Furthermore, a Fund may suspend the right to redeem shares or postpone the date of payment upon redemption for more than seven calendar days: (1) for any period during which the NYSE is closed (other than customary weekend or holiday closings) or trading on the NYSE is restricted; (2) for any period during which an emergency exists affecting the sale of the Fund's securities or making such sale or the fair determination of the value of the Fund's net assets not reasonably practicable; or (3) for such other periods as the SEC may permit for the protection of the Fund's shareholders.

Other Redemption Information

IRA and retirement plan redemptions from accounts for which UMB Bank, n.a. is the custodian must be completed on an IRA Distribution Form or other acceptable form approved by UMB Bank, n.a. Shareholders who hold shares of a Fund through an IRA or other retirement plan, must indicate on their redemption requests whether to withhold federal income tax. Such redemption requests will generally be subject to a 10% federal income tax withholding unless a shareholder elects not to have taxes withheld. An IRA owner with a foreign residential address may not elect to forgo the 10% withholding. In addition, if you are a resident of certain states, state income tax also applies to non-Roth IRA distributions when federal withholding applies. Please consult with your tax professional.

A Fund generally pays sale (redemption) proceeds in cash. A Fund typically expects to satisfy redemption requests by selling portfolio assets or by using holdings of cash or cash equivalents. A Fund uses these methods during both normal and stressed market conditions. During conditions that make the payment of cash unwise and/or in order to protect the interests of a Fund's remaining shareholders, a Fund may pay all or part of a shareholder's redemption proceeds in portfolio securities with a market value equal to the redemption price (redemption-in-kind) in lieu of cash. A Fund may redeem shares in-kind during both normal and stressed market conditions. Generally, in-kind redemptions will be effected through a *pro rata* distribution of the Fund's portfolio securities. If a Fund redeems your shares in kind, you will bear any market risks associated with investment in these securities, and you will be responsible for the costs (including brokerage charges) of converting the securities to cash.

A Fund may redeem all of the shares held in your account if your balance falls below the Fund's minimum initial investment amount due to your redemption activity. In these circumstances, the Fund will notify you in writing and request that you increase your balance above the minimum initial investment amount within 30 days of the date of the notice. If within 30 days of a Fund's written request, you have not increased your account balance, your shares will be automatically redeemed at the current NAV. A Fund will not require that your shares be redeemed if the value of your account drops below the investment minimum due to fluctuations of the Fund's NAV.

Cost Basis Information

Federal tax law requires that regulated investment companies, such as the Funds, report their shareholders' cost basis, gain/loss, and holding period to the IRS on the shareholders' Consolidated Form 1099s when "covered" shares of the regulated investment companies are sold. Covered shares are any shares acquired (including pursuant to a dividend reinvestment plan) on or after January 1, 2012.

Each Fund has chosen "first-in, first-out" ("FIFO") as its standing (default) tax lot identification method for all shareholders, which means this is the method the Fund will use to determine which specific shares are deemed to be sold when there are multiple purchases on different dates at differing net asset values, and the entire position is not sold at one time. The Funds' standing tax lot identification method is the method it will use to report the sale of covered shares on your Consolidated Form 1099 if you do not select a specific tax lot identification method. Redemptions are taxable and you may realize a gain or a loss. Certain shareholders may be subject to backup withholding.

Subject to certain limitations, you may choose a method other than the Funds' standing method at the time of your purchase or upon the sale of covered shares. Please refer to the appropriate Treasury regulations or consult your tax advisor with regard to your personal circumstances.

Tools to Combat Frequent Transactions

The Trust's Board of Trustees has adopted policies and procedures with respect to frequent purchases and redemptions of Fund shares by Fund shareholders. The Trust discourages excessive, short-term trading and other abusive trading practices that may disrupt portfolio management strategies and harm a Fund's performance. The Trust takes steps to reduce the frequency and effect of these activities on the Funds. These steps may include monitoring trading activity and using fair value pricing. In addition, the Trust may take action, which may include using its best efforts to restrict a shareholder's trading privileges in a Fund, if that shareholder has engaged in four or more "round trips" in the Fund during a 12-month period. Although these efforts (which are described in more detail below) are designed to discourage abusive trading practices, these tools cannot eliminate the possibility that such activity may occur. Further, while the Trust makes efforts to identify and restrict frequent trading, the Trust receives purchase and sale orders through financial intermediaries and cannot always know or detect frequent trading that may be facilitated by the use of intermediaries or the use of group or omnibus accounts by those intermediaries. The Trust seeks to exercise its judgment in implementing these tools to the best of its ability in a manner that the Trust believes is consistent with the interests of the Fund shareholders.

<i>Redemption Fee</i>	You will be charged a redemption fee of 2.00% of the value of the Fund shares being redeemed if you redeem your shares of a Fund within 90 days of purchase. The FIFO method is used to determine the holding period; this means that if you bought shares on different days, the shares purchased first will be redeemed first for the purpose of determining whether the redemption fee applies. The redemption fee is deducted from the sale proceeds and is retained by a Fund for the benefit of its remaining shareholders. The fee will not apply to redemptions (i) due to a shareholder's death or disability, (ii) from certain omnibus accounts with systematic or contractual limitations, (iii) of shares acquired through reinvestments of dividends or capital gains distributions, (iv) through certain employer-sponsored retirement plans or employee benefit plans or, with respect to any such plan, to comply with minimum distribution requirements, (v) effected pursuant to asset allocation programs, wrap fee programs, and other investment programs offered by financial institutions where investment decisions are made on a discretionary basis by investment professionals, (vi) effected pursuant to an automatic non-discretionary rebalancing program, (vii) effected pursuant to the SWP, or (viii) by the Fund with respect to accounts falling below the minimum initial investment amount. The Trust reserves the right to waive this fee in other circumstances if the Advisor determines that doing so is in the best interests of a Fund.
------------------------------	---

<i>Monitoring Trading Practices</i>	The Trust may monitor trades in Fund shares in an effort to detect short-term trading activities. If, as a result of this monitoring, the Trust believes that a shareholder of a Fund has engaged in excessive short-term trading, it may, in its discretion, ask the shareholder to stop such activities or refuse to process purchases in the shareholder's accounts. In making such judgments, the Trust seeks to act in a manner that it believes is consistent with the best interest of Fund shareholders. Due to the complexity and subjectivity involved in identifying abusive trading activity, there can be no assurance that the Trust's efforts will identify all trades or trading practices that may be considered abusive.
--	--

General Transaction Policies

Some of the following policies are mentioned above. In general, each Fund reserves the right to:

- vary or waive any minimum investment requirement;
- refuse, change, discontinue, or temporarily suspend account services, including purchase or telephone redemption privileges (if redemption by telephone is not available, you may send your redemption order to the Funds via regular or overnight delivery), for any reason;

- reject any purchase request for any reason (generally, a Fund does this if the purchase is disruptive to the efficient management of the Fund due to the timing of the investment or an investor's history of excessive trading);
- delay paying redemption proceeds for up to seven calendar days after receiving a request, if an earlier payment could adversely affect the Fund;
- reject any purchase or redemption request that does not contain all required documentation; and
- subject to applicable law and with prior notice, adopt other policies from time to time requiring mandatory redemption of shares in certain circumstances.

If you elect telephone privileges on the account application or in a letter to a Fund, you may be responsible for any fraudulent telephone orders as long as the Fund and/or its service providers have taken reasonable precautions to verify your identity. In addition, once you place a telephone transaction request, it cannot be canceled or modified.

During periods of significant economic or market change, telephone transactions may be difficult to complete. If you are unable to contact a Fund by telephone, you may also mail your request to the Fund at the address listed under "Methods of Buying."

Your broker or other financial intermediary may establish policies that differ from those of the Funds. For example, the organization may charge transaction fees, set higher minimum investments, or impose certain limitations on buying or selling shares in addition to those identified in this Prospectus. Contact your broker or other financial intermediary for details.

Please note that the value of your account may be transferred to the appropriate state if no activity occurs in the account within the time period specified by state law.

Exchange Privilege

You may exchange shares of each Fund for shares of other funds managed by the Advisor, including funds offered in a separate prospectus (please contact the Fund at 1-866-490-4999 to receive the prospectus for the other funds). The amount of the exchange must be equal to or greater than the required minimum initial investment of the other fund, as stated in that fund's prospectus. You may realize either a gain or loss on those shares and will be responsible for paying the appropriate taxes. If you exchange shares through a broker, the broker may charge you a transaction fee. You may exchange shares by sending a written request to the Funds or by telephone. Be sure that your written request includes the dollar amount or number of shares to be exchanged, the name(s) on the account and the account number(s), and is signed by all shareholders on the account. In order to limit expenses, each Fund reserves the right to limit the total number of exchanges you can make in any year.

Prospectus and Shareholder Report Mailings

In order to reduce the amount of mail you receive and to help reduce expenses, we generally send a single copy of any shareholder report and Prospectus to each household. If you do not want the mailing of these documents to be combined with those of other members of your household, please contact your authorized dealer or the Transfer Agent.

Additional Information

Each Fund enters into contractual arrangements with various parties, including among others the Advisor, who provide services to the Fund. Shareholders are not parties to, or intended (or "third party") beneficiaries of, those contractual arrangements.

The Prospectus and the SAI provide information concerning each Fund that you should consider in determining whether to purchase shares of the Fund. Each Fund may make changes to this information from time to time. Neither this prospectus nor the SAI is intended to give rise to any contract rights or other rights in any shareholder, other than any rights conferred by federal or state securities laws that may not be waived.

DIVIDENDS AND DISTRIBUTIONS

The All Cap Fund and the Small Cap Value Fund will make distributions of net investment income and net capital gains, if any, at least annually, typically in December. A Fund may make additional payments of dividends or distributions if it deems it desirable at any other time during the year.

All dividends and distributions will be reinvested in Fund shares unless you choose one of the following options: (1) to receive net investment income dividends in cash, while reinvesting capital gain distributions in additional Fund shares; or (2) to receive all dividends and distributions in cash. If you wish to change your distribution option, please write to the Transfer Agent before the payment date of the distribution.

If you elect to receive distributions in cash and the U.S. Postal Service cannot deliver your check, or if your distribution check has not been cashed for six months, each Fund reserves the right to reinvest the distribution check in your account at the Fund's then current NAV and to reinvest all subsequent distributions.

FEDERAL INCOME TAX CONSEQUENCES

The following discussion is very general and does not address investors subject to special rules, such as investors who hold Fund shares through an IRA, 401(k) plan or other tax-advantaged account. The SAI contains further information about taxes. Because each shareholder's circumstances are different and special tax rules may apply, you should consult your tax advisor about your investment in a Fund.

You will generally have to pay federal income taxes, as well as any state or local taxes, on distributions received from a Fund, whether paid in cash or reinvested in additional shares. If you sell Fund shares, it is generally considered a taxable event. If you exchange shares of a Fund for shares of another fund, the exchange will be treated as a sale of the Fund's shares and any gain on the transaction may be subject to federal income tax.

Distributions of net investment income, other than "qualified dividend income," and distributions of net short-term capital gains, are taxable for federal income tax purposes at ordinary income tax rates. Distributions from a Fund's net capital gain (*i.e.*, the excess of its net long-term capital gain over its net short-term capital loss) are taxable for federal income tax purposes as long-term capital gain, regardless of how long the shareholder has held Fund shares.

Dividends paid by a Fund (but none of a Fund's capital gain distributions) may qualify in part for the dividends-received deduction available to corporate shareholders, provided certain holding period and other requirements are satisfied. Distributions of investment income that a Fund reports as "qualified dividend income" may be eligible to be taxed to non-corporate shareholders at the reduced rates applicable to long-term capital gain if derived from a Fund's qualified dividend income and if certain other requirements are satisfied. "Qualified dividend income" generally is income derived from dividends paid by U.S. corporations or certain foreign corporations that are either incorporated in a U.S. possession or eligible for tax benefits under certain U.S. income tax treaties. In addition, dividends that a Fund receives in respect of stock of certain foreign corporations may be qualified dividend income if that stock is readily tradable on an established U.S. securities market.

You may want to avoid buying shares of a Fund just before it declares a distribution (on or before the record date), because such a distribution will be taxable to you even though it may effectively be a return of a portion of your investment.

Although distributions are generally taxable when received, dividends declared in October, November or December to shareholders of record as of a date in such month and paid during the following January are treated as if received on December 31 of the calendar year when the dividends were declared.

Information on the federal income tax status of dividends and distributions is provided annually.

Dividends and distributions from a Fund and net gain from redemptions of Fund shares will generally be taken into account in determining a shareholder's "net investment income" for purposes of the Medicare contribution tax applicable to certain individuals, estates and trusts.

If you do not provide a Fund with your correct taxpayer identification number and any required certifications, you will be subject to backup withholding on your redemption proceeds, dividends and other distributions. The backup withholding rate is currently 24%.

Dividends and certain other payments made by a Fund to a non-U.S. shareholder are subject to such withholding of federal income tax at the rate of 30% (or such lower rate as may be determined in accordance with any applicable treaty). Dividends that are reported by a Fund as "interest-related dividends" or "short-term capital gain dividends" are generally exempt from such withholding. In general, a Fund may report interest-related dividends to the extent of its net income derived from U.S.-source interest and a Fund may report short-term capital gain dividends to the extent its net short-term capital gain for the taxable year exceeds its net long-term capital loss. Backup withholding will not be applied to payments that have been subject to the 30% withholding tax described in this paragraph.

Under legislation commonly referred to as "FATCA," unless certain non-U.S. entities that hold shares comply with IRS requirements that will generally require them to report information regarding U.S. persons investing in, or holding accounts with, such entities, a 30% withholding tax may apply to distributions and, after December 31, 2018, to redemption proceeds and certain capital gain dividends payable to such entities. A non-U.S. shareholder may be exempt from the withholding described in this paragraph under an applicable intergovernmental agreement between the United States and a foreign government, provided that the shareholder and the applicable foreign government comply with the terms of the agreement.

Some of a Fund's investment income may be subject to foreign income taxes that are withheld at the country of origin. Tax treaties between certain countries and the United States may reduce or eliminate such taxes, but there can be no assurance that a Fund will qualify for treaty benefits.

FINANCIAL HIGHLIGHTS

The following tables are intended to help you understand each Fund's financial performance. Certain information reflects financial results for a single Fund share. The total return figures represent the percentage that an investor in a Fund would have earned (or lost) on an investment in the Fund (assuming reinvestment of all dividends and distributions). The financial information for the period shown has been audited by Tait, Weller & Baker LLP, an independent registered public accounting firm, whose report, along with each Fund's financial statements, is included in the Fund's annual report, which is available upon request (see back cover).

Statement of Additional Information (SAI)

The SAI provides additional details about the investments and techniques of the Funds and certain other additional information. A current SAI is on file with the SEC and is incorporated into this Prospectus by reference. This means that the SAI is legally considered a part of this Prospectus even though it is not physically within this Prospectus.

Shareholder Reports

Additional information about each Fund's investments is available in the Funds' annual and semi-annual reports to shareholders. In the Funds' annual report, you will find a discussion of the market conditions and investment strategies that significantly affected each Fund's performance during its most recent fiscal year.

The Funds' SAI and annual and semi-annual reports are available, free of charge, on the Funds' website at www.sbhffunds.com. You can also obtain a free copy of the Funds' SAI, or annual and semi-annual reports, request other information, or inquire about the Funds by contacting a broker that sells shares of the Funds or by calling the Funds (toll-free) at 1-866-490-4999 or by writing to:

Segall Bryant & Hamill Funds
P.O. Box 2175
Milwaukee, Wisconsin 53201

Information about the Funds (including the SAI) can be reviewed and copied at the Public Reference Room of the SEC in Washington, DC. You can obtain information on the operation of the Public Reference Room by calling the SEC at 1-202-551-8090. Reports and other information about the Funds are also available:

- Free of charge, on the SEC's EDGAR Database on the SEC's Internet site at <http://www.sec.gov>;
- For a duplication fee, by electronic request at the following e-mail address: publicinfo@sec.gov, or;
- For a duplication fee, by writing to the SEC's Public Reference Section, Washington, DC 20549-1520.
